Joe Biden & Democrat Senators dropped the sanctions on Russia's pipeline creating the precise moment Putin saw American weakness.

And don't forget, Biden and his crew took the Houthis off the terror list. The UAE was then bombarded with missiles (the media is hiding this fact).

If either side is unsatisfied with the June 27 discussions then they will go back to the status quo after they leave Washington. As we have consistently said, we must first make progress on growing the economies. This is the focus. I look forward to these discussions. (2/2)

Biden's climate czar is concerned about Putin "losing focus" on their climate change goals.

This is what they care about right now.

Oil prices are at \$105 a barrel and climbing.

They don't give a damn about how high your gas prices are.

This is absurd. You will clearly say anything. You've been consistently a manipulator of the truth.

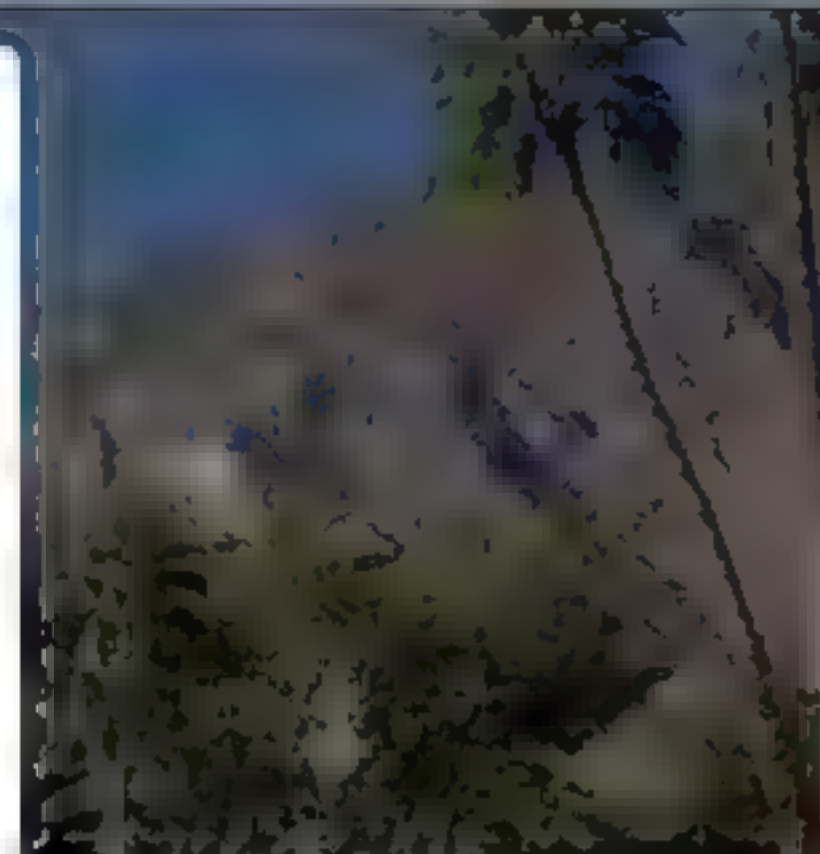

Mike Lee is a great America First champion.

Evan McMullin ✓ @EvanMcMullin

Moscow Mike is mischaracterizing the law to distract from the fact that he traveled to Russia and brazenly appeased Vladimir Putin for his own political gain. Now it's led to the deaths of innocent Ukrainians, the destabilization of Europe, and global economic uncertainty. Shame. Khamenei.ir @khamenei.ir

definitely wear a mask in meetings, but see that some of the officials are not using masks. When you are one of the officials and you don't wear a mask in assemblies or in the public, this negativity affects people's behavior. They become encouraged.

The pipeline never came online during the Trump Administration.

You're welcome.

Failing to shut down the Nord Stream 2 pipeline has given Putin the confidence to push the boundaries even further. His aggression is on full display & now, the US must ensure that his violation of international agreements are met with more than punitive, symbolic sanctions.

It didn't come online because it was still in the process of being built. The sanctions passed by Congress and signed by Trump didn't stop its completion. Stop misleading people.

The laying of Nord Stream 2 was carried out in 2018–2021.^[7] The first line of Nord Stream 2 was completed in June 2021, and the second line was completed in September 2021.

Nord Stream 1 has a total annual capacity of 55 billion m³ (1.9 trillion cu ft) of gas, and the construction of Nord Stream 2 was expected to double this capacity to a total of 110 billion m³ (3.9 trillion cu ft).^{[8][9][10]}

Failing to shut down the Nord Stream 2 pipeline has given Putin the confidence to push the boundaries even further. His aggression is on full display & now, the US must ensure that his violation of international agreements are met with more than punitive, symbolic sanctions.

I always found Finance Minister Olaf Scholz practical and genuine.

Merkel always blamed Scholz & the SPD for why she only slowly increased defense spending (to 1.5% now) but would get to 2% by 2030.

If Scholz follows through, and increases faster then he deserves the credit.

France has used advanced technology to make it safer than it ever was.

Funny that this speech is literally everything Trump demanded Germany do, from defense spending to the investment in LNG terminals. Makes you wonder if Scholz is secretly working with @RichardGrenell ;)

It's amazing to see "reporters" celebrate the recent decision brought about because of a bloody war but not even reflect on the damage done by the EU members who spent the last years moving away from the West.

The FT gave aid & comfort to the slide away from the West.

Hope very much America and Britain will reappraise their cynicism about the European Union. It's reacting with breathtaking speed, unity and resolve to Putin's barbarism. In doing so it's restoring some vitality to the west.

While I welcome the German governments change of heart...there must be a full reflection of how they got to this point. And how to ensure it won't happen again. They missed the warning signs & ignored the U.S. pleadings.

There has been absolutely no talk of land swaps from me - and it's never been discussed by anyone else in my presence. We have said this many times.

Jasmin Mujanović @asmnMuj

He says that the land swap talk began already during the tenure of @FedericaMog, and was being directly handled by Vucic and Thaci offices. Grenell picked up this idea and has continued to pressure Kurti's bloc to acquiesce to what he (Kurti) thinks is a reckless quick fix.

The goal isn't to be liked.

America is stronger without wars and crises. We had no new wars and NATO members paid \$130 billion more because of Trump.

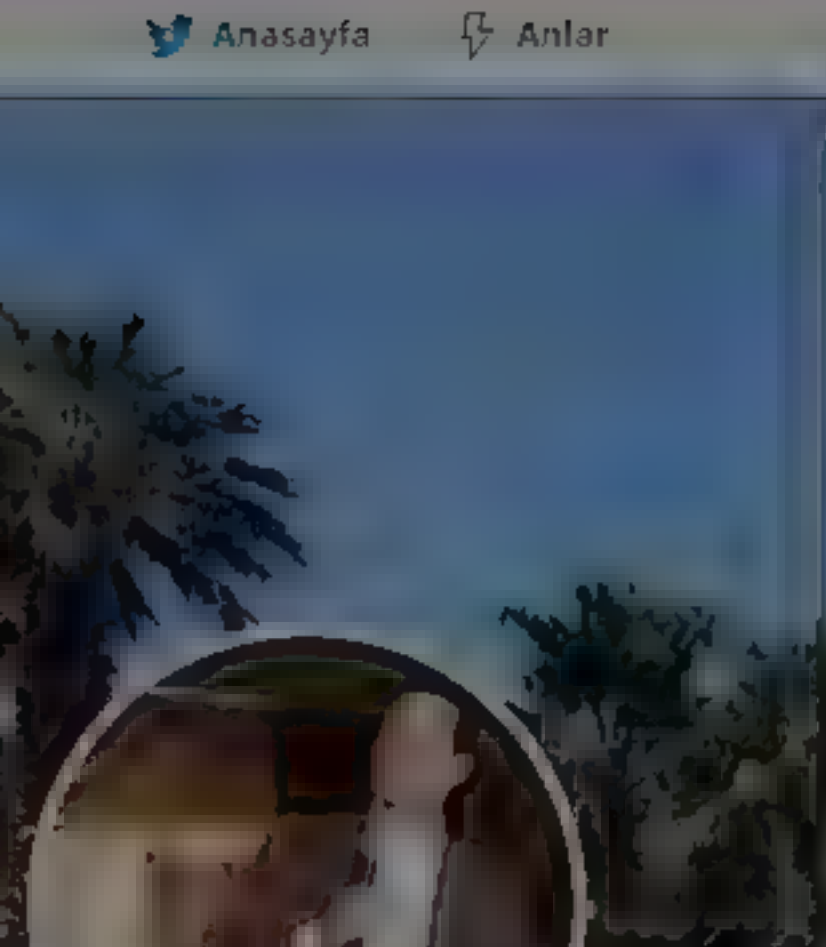

You all wanted Joe Biden. And you got another war. And another rewriting of Europe's borders.

Did some US media outlets encourage

Again: He claims "Russian tanks are shooting at the nuclear blocks."

Heavy artillery shelling toward nuclear reactors!

The West is pushing out frenzied rhetoric based on this claim without confirming it.

JUST NOW

Statement by President of Ukraine Volodymyr Zelensky
"Europe needs to wake up. The biggest nuclear power plant in Europe is on fire right now. Russian tanks are shooting at the nuclear blocks. These are tanks equipped with thermal imagers, so they know what they are shooting at. They have prepared for it. I am addressing all Ukrainians, all Europeans and everyone who knows the word Chernobyl, who knows many casualties were inflicted by the explosion on the nuclear plant. This was a global catastrophe and its consequences were battled by hundreds of thousands of people. Tens of thousands had to be evacuated and Russia wants to repeat that and is already repeating it, but 6 times bigger. Europeans, wake up please. Tell your politicians, Russian forces are shooting at the nuclear plant in Ukraine. Zaporizka nuclear plant city of Energodar. There are six energy blocks there. Six. In Chernobyl one energy block had exploded. We have gotten in touch with our leaders, partners, I have already spoken

Not remotely true. You have no idea what you are talking about. You gossip. For a PhD student this is a huge red flag to your future employers.

Trump policy was to work to bring US troops home from many places incl Kosovo.

This is third world style propaganda.

Congratulations, Florida! Your two Republican senators both managed to sell themselves in the Senate's call today with Zelensky. The only state with that distinction. Sure, Montana's Steve Daines also led himself. And South Carolina's Lindsey Graham does it daily. You have 2!

One thing I learned at [@ODNIgov](#) is that anonymous quotes from "US intelligence officials" are almost always partisan comments from individuals not the IC.

The crisis we have in journalism today is partly because young partisan reporters don't care that there's a difference.

Your choice

PRESIDENT TRUMP: Well, what went wrong was a rigged election and what went wrong is a candidate that shouldn't be there and a man that has no concept of what he's doing. I went in yesterday and there was a television screen, and I said, "This is genius." Putin declares a big portion of the Ukraine — of Ukraine Putin declares it as independent. Oh, that's wonderful. (sarcastic)

So, Putin is now saying, "It's independent," a large section of Ukraine. I said, "How smart is that?" And he's gonna go in and be a peacekeeper. That's strongest peace force... We could use that on our southern border. That's the strongest peace force I've ever seen.

Dear Kara,

It was a pleasure participating at the Pivot event this February. Miami-Dade County is the nation's leading tech hub. We are proud of what we are building and have stood as a beacon of inclusivity, entrepreneurship, and innovation. The Pivot conference highlighted these aspects and more.

I understand your recent decision to consider other locations for next year's conference due to the "Don't Say Gay" bill. I would welcome the chance to speak with you and have you reconsider.

I've spent my career advocating for the rights of our LGBTQ+ community. As a parent, a neighbor, and a leader, I unequivocally do not support the state's bill. Simply put, the bill is cruel and ignorant. It has no place in our state and no place in Miami-Dade County.

I came into office in 2014 to expand Miami-Dade County's Human Rights Ordinance to add protections for transgender people. Since coming into office as Mayor, I've worked with our commission to demonstrate our support of the LGBTQ+ community. Last year, the Commission unanimously voted to codify the Miami-Dade LGBTQ Advisory Board strengthening the relationship between the community, advocates, and the County government. We also created a "community ID" program earlier in February that provide government-issued IDs to those without access to other name documentation, including transgender individuals. Last month, the entire County Commission voted against the "Don't Say Gay" bill last month unanimously.

As a community with diverse business, including many LGBTQ+ owned businesses, having conferences and events leave our community hurts those who fight loudly for these fundamental rights. I urge you to reconsider and welcome the opportunity to work hand in hand with you to ensure our communities are safe spaces for our children and parents.

Let's work together to bring back Pivot in 2023, bigger, bolder, and proudly representing all members of our community.

Sincerely,

189 43 259

**Christina Pushaw** @ChrStnaPushaw · 1h

Please read the bill it's called Parental Rights in Education. It doesn't mention the word Gay or single out LGBT people at all. It's about age appropriate education.

I read it many times, but can also read between the deftly toxic (or toxically deft) lines of this egregious government overreach, so the simplistic doesn't say the word gay talking point doesn't work on me. Its aim is to divide and enrage, which is obvious even to a 3 month old.

Edgewood government overreach to set standards for government schools?

I know you want Florida schools to teach something different to young kids, but it's not overreach for state legislatures to codify what parents want taught.

U.S. natural gas production is at a record high. In fact, the U.S. was a net exporter of petroleum and petroleum products in each of the last two years, and will be a net exporter of natural gas for years to come.

8:47 PM · 10 Mar 2022 from Los Angeles, CA

It was a pleasure participating at the Pivot event this February. Miami-Dade County is the nation's leading tech hub. We are proud of what we are building and have stood as a beacon of inclusivity, entrepreneurship, and innovation. The Pivot conference highlighted these aspects and more.

I understand your recent decision to consider other locations for next year's conference due to the "Don't Say Gay" bill. I would welcome the chance to speak with you and have you reconsider.

I've spent my career advocating for the rights of our LGBTQ+ community. As a parent, a neighbor, and a leader, unequivocally do not support the state's bill. Simply put, the bill is cruel and ignorant. It has no place in our state and no place in Miami-Dade County.

I came into office in 2014 to expand Miami-Dade County's Human Rights Ordinance to add protections for transgender people. Since coming into office as Mayor, I've worked with our commission to demonstrate our support of the LGBTQ+ community. Last year, the Commission unanimously voted to codify the Miami-Dade LGBTQ Advisory Board strengthening the relationship between the community, advocates, and the County government. We also created a "community ID" program earlier in February that provides government-issued IDs to those without access to other means of documentation, including transgender individuals. Last month, the entire County Commission voted against the "Don't Say Gay" bill last month unanimously.

As a community with diverse businesses, including many LGBTQ+ owned businesses, having conferences and events leave our community hurts those who fight loudly for these fundamental rights. I urge you to reconsider and welcome the opportunity to work hand in hand with you to ensure our communities are safe spaces for our children and parents.

Let's work together to bring back Pivot in 2023, bigger, bolder, and proudly representing all members of our community.

Sincerely,

197 44 273

Christina Pushaw @ChristinaPushaw 21

Please read the bill. It's called Parental Rights in Education, it doesn't mention the word Gay or single out LGBT people at all. It's about age appropriate education.

You can also come to our Spaces on Monday at 8:30pm and ask questions @BrandonStrake

Kara Swisher @karaSwisher 56m

I read it many times, but can also read between the deftly toxic (or toxically deft) lines of this egregious government overreach, so the simplistic doesn't say the word gay talking point doesn't work on me. Its aim is to divide and enrage, which is obvious even to a 3 month old.

The keystone pipeline expansion was proposed in 2008 and expected to be completed in 2013.

But Obama/Biden stopped it. Biden said then he was proud to stop it.

Democrats have been stopping domestic energy production for decades.

High gas prices are absolutely Biden and the Democrats fault - and any "reporter" not making this clear is a propagandist for the ruling party.

 You assumed. That's on you. Also, both were appointed. One was Senate

Zelenskyy's speech missed the chance to explain the difference between Ukraine and Iraq/Afghanistan.

Americans are tired of war and its costs.

While my heart breaks for the people and I'm angered by Putin, if the media descended on the Congo our hearts would be broken too.

The question for our readers is: what is best for Americans? This is their job.

We can and do stand for democracy and human rights around the world.

But too many politicians think that means we have to act militarily in every crisis.

Remember: the Hunter Biden laptop story was true and well documented before the election... not just because the NYT finally caught up. It's too bad so many treat NYT reporting, which is often far behind if not entirely false, as if it's the stamp of approval on a news story.

Richard Grenell @RichardGrenell

A Republican Senate MUST hold hearings with all 50 of the people who signed that letter 3 weeks before the 2020 campaign. They all said Hunter Biden's laptop was Russian disinformation. And they didn't have a single piece of intel to suggest it.

This is really important. The politicization of national security and intelligence against Donald Trump—and, just as bad, the lack of accountability for it—undermines the legitimacy of the regime.

The Biden administration -- not just the campaign -- told us the Hunter Biden laptop was "Russian disinformation," falsely accusing it of election interference. Now we are on the verge of war with Russia, and it is worth asking how Biden's lies have contributed to that situation.

A bold claim you can't back up.

It's convenient you deliberately omit WHERE and HOW that kompromat on Hunter, was acquired - on the info black market in Ukraine, for a price of \$5Milion dollars

Interesting how what was being sold, is identical to what was "found."

This is the issue the MSM has failed to demand answers to.

Did Joe Biden profit from Hunter's business dealings? Joe says he was not aware of Hunter's activities. Hunter's emails say he was.

Because Joe is a D, and because he ran against Trump, the media suppressed the news.

Our country cannot survive if the intelligence agencies are partisan.

The newsrooms in DC are already long gone - ruined with partisans.

Most great civilizations have lasted roughly 250 years. We must fix the problem of DC soon.

Why do you want to punch people who ask probing questions?! If she can't handle scrutiny without violence then she isn't qualified.

Pedophiles across the country must be rejoicing at the prospect of having Judge Jackson as a continued advocate for them sitting on the Supreme Court. I literally cannot believe Democrats and even a handful of weak RINOs are seemingly OK with this. Parents, it's time to speak up!

As we hear from @RichardGrenell, a California resident, it's high taxes, adoption of radical Left energy policies, & self-imposed handicaps causing regular citizens to pay - literally.

I When the New York Post published an exposé on Hunter Biden's laptop that would've severely damaged Joe Biden's presidential campaign, 51 "intelligence" officials penned a letter deeming the story Russian disinformation. They lied and now are in hiding.

These partisan hacks didn't care about the truth. They would do anything they could to prop Joe Biden over the finish line, even if it meant sacrificing their credibility earned over decades. They spread disinformation, and it's time to hold them accountable.

Californians are paying more for gas than anyone else in the US. Why?

As we hear from [@RichardGrenell](#), it's a matter of high taxes, adoption of radical Left energy policies, & self-imposed handicaps that are causing regular citizens to pay – literally.

So Biden saying Russia needs regime change is an outrage, while the Russians actually succeeding in causing regime change in the US in 2016 is just fine?

Am I reading this right?

NBC's @KellyO just assisted Joe Biden by publicly giving him a suggestion to wiggle out of his gaffe - she offers that it was a "personal" opinion while shaking her head yes....and then Biden agrees.

It wasn't a question. It was a suggestion of wording. Watch it.

Yikes!

Someone should make a reel that runs continuously that showcases the media that deliberately hid the truth. I have family members who I need to do that for as well. But "that's not what I meant" seems to be the response to my reminders.

Someone should make a reel that runs continuously that showcases the media that deliberately hid the truth. I have family members who I need to do that for as well. But "that's not what I meant" seems to be the response to my reminders.

It's constantly reported as fact by reporters who trust leakers. Leakers have agendas.

We need skeptical reporters.

Why can't we get media outlets to do

Every Republican asked by a Washington Post reporter for comment on *any* issue should say they won't respond until we know WHO iced the Hunter Biden laptop story.

Shut down the little access they have left. Stop participating in this phony process.

A German anti-Semitism Commissioner who "likes" social media comparisons of Israel to Nazis

"Every day there are three anti-Semitic attacks in Berlin."

© Simon Wiesenthal Jewish community commissioner for fighting anti-Semitism

THE POST-MERKEL ERA BEGINS

A new government has been installed in Germany marking the end of the Angela Merkel era. Despite her many achievements as Chancellor, Germany has failed to curb anti-Semitic attacks from the far-right, Islamists, and the demonization of Israel from the Left. Her administration rarely denounced the Ayatollah regime's Holocaust denial and the regime's frequent calls to destroy the Jewish state.

STAGGERING STATS

In June, the German government confirmed a staggering number of anti-Semitic hate crimes in 2020: 2,275 with at least 55 involving violence. More than 1,000 anti-Semitic incidents were recorded in Berlin during 2020, a rise of nearly 20% over the previous year. Samuel Salzborn, Antisemitism Commissioner for the State of Berlin admitted, "One thing is clear: Berlin has an anti-Semitism problem."

ANTISEMITISM COMMISSIONERS FIGHTING OR ENABLING JEW-HATRED?

However, another German Antisemitism Commissioner has apparently forgotten that his job is to combat anti-Semitism, not "like" it. Michael Blume, Commissioner Against Anti-Semitism for Baden-Württemberg has continued, since 2019, social media activity where he "liked" a Facebook posting comparing Zionists to Nazis. He has since continued to "like" and retweet anti-Jewish, anti-Israeli, and conspiratorial Twitter accounts.

Explicitly, the German state of Baden-Württemberg's Green party governor, Winfried Kretschmann, and Christian Democratic Union Interior Minister Thomas Strobl have permitted Blume, the commissioner tasked with fighting anti-Semitism, to continue to engage in these anti-Semitic and anti-Israeli activities on social media.

In stark contrast, Blume's counterpart in Hamburg, Stefan Hensel, has urged his city's government to close the Iranian regime-controlled Islamic Center in Hamburg because it stokes anti-Semitism. Blume has failed to call on the Baden-Württemberg metropolis of Freiburg to end its twin-city partnership with the Iranian regime's Isfahan, a city whose administration sponsors calls for the destruction of the Jewish state each year at its annual al-Quds Day demonstration.

While Felix Klein, the Federal Commissioner for Jewish Life and the fight against anti-Semitism, has urged banks not to provide accounts to BDS groups, Blume has failed to urge the partly state-owned Landesbank Baden-Württemberg (LBBW) to close the account of Baden-Württemberg's and Germany's most powerful anti-Israel Boycott, Divestment, and Sanctions (BDS) organization, the Palestine Committee Stuttgart.

Too many newsrooms in DC have ignored Hunter's laptop from the moment it was discovered.
It proves Biden family corruption.

Ronna McDaniel  @GOPChairwoman · 9h
Hunter's corruption has spanned decades.

*Fresh out of school, Hunter was hired by one of Joe Biden's biggest donors.

*In 2013, Hunter hitched a ride on Air Force Two with Biden to China. Ten days later, Hunter's firm signed a deal, potentially worth \$1.5 billion. (1/2)

You d n't stop it. Stopping it now is more potent everage. The Germans
were un mpressed by you as Amb. And then there s th s

Fire Wray "Fire Fauci," he texts referring to FBI Director Christopher Wray and White House
coronavirus adviser Anthony Fauci. Trump Jr. then proposes making former acting director of
National Intelligence Ric Grenell interim head of the FBI and having then-Attorney General Bill
Bar "select Special prosecutor on Hard Drive from Hell Biden crime family."

The same is true for Trump's recommendation that Meadows replace Wray with Grenell:
someone who not only lacked the usual qualifications to lead the FBI but also had a proven track
record of doing the former President's bidding.

After serving a controversial three-month stint as Trump's acting intel chief, Grenell hit the
campaign trail in late 2020 to help promote Trump's unfounded claims of widespread voter
fraud, and support his legal challenges in a key swing state, Nevada.

There are no contractual financial obligations as a member of NATO, and no central NATO fund. The recommendation is that every member spends at least 2% of their GDP on defence procurement. To word it any other way is dishonest.

I did a thing tonight.

I would absolutely support Adam Laxalt
over Catherine Cortez Masto.

Cathy is a failure as a Senator & believes all
gays have to be Democrats. It's demeaning.

She voted against gay appointees who
don't share her radical Leftist agenda.

She's a phony.

Nevada Senator @CortezMasto once equated gay marriage to incest and bigamy.

Now she supports indoctrinating children with sex and gender identity lessons in schools.

The Leftist media won't ask her to explain ANY of it...because she's a Democrat.

My statement on the officer involved shooting in Grand Rapids:

Shooting of a woman by a

We may not have "all the facts." But we have video, and it shows enough.

The police officer spent well over a minute trying to subdue Uyaya. Uyaya completely refused to comply. Instead, he chose to physically and aggressively resist.

He chose to take control of the officer's taser, which the officer ordered him to drop repeatedly for over a minute.

A police officer in that situation has an unavoidable, split-second life-altering choice to make: take a life, or risk losing his own.

It is a duty for the Uyaya family. A life lost is a tragedy for those left behind, regardless of the circumstances.

However, I stand unequivocally with the police officer and our law enforcement officers.

Governor Whitmer and her party have predictably taken the side of the criminal who would expect nothing less from the "Defund the Police" party.

Far more shamefully, though, even my Republican opponents are cowering in fear, issuing mealy-mouthed "let's wait and see" statements and hoping this all

will always speak up for what is true and what is right.

Michigan has a crime problem. According to FBI crime statistics, we are home to the most violent major city in America. But nobody wants to talk about that—especially my opponents from Southeast Michigan.

The most basic, fundamental requirement for a civilized society to function is general respect for the rule of law.

That means following police orders.

We will not normalize people resisting arrest and physically aggressing police.

Under a Dixon administration, violent criminals and those who endanger police will have no quarter in Michigan.

If you want to commit crimes and jeopardize the lives of our men and women in blue, you can head on down to Chicago or wherever doesn't care if you hurt or kill people.

We will not let this officer—or any officer—be sandbagged for reasonably protecting themselves by weak politicians who are afraid to say and do what is right.

The media yawns over this type of government corruption - which is why the ruling party can also push for elections without IDs.

People all over the world think elections without IDs means someone is stealing the vote.

Why would any “progressive” get angry that a union organizer is taking the opportunity to talk to a conservative audience about unions and potentially change their minds?

Zeke Miller, once again, fails to call it the "Biden" policy.

Whenever it's bad news it's "U.S." or "national".

Whenever it's good news it's called "Biden policy".

Let's be clear...

Joe Biden and the Democrats want to mandate masks. They've gone to court to require that Americans wear masks on airplanes.

If she's on a plane I would assume her statement is a political move. So I'd say:

"I have family members who can't afford full tanks of gas anymore and are now having to sacrifice in other areas. As a courtesy to a stranger, would you please not vote for Joe Biden again?"

How would you answer? **Guy Benson** [@guypbenson](#)
said, "Hi. I know this is a bit of a conundrum for you. I'm immunocompromised. But would you say yes. And I'm very much over masking. But an elderly lady sitting right next to me, making a polite appeal as a favor? Sure. As a kindness, I'd probably make that choice."

Cheering the failure of CNN+, however you feel about the idea behind it, is gross. Lots of people are losing their jobs. The high-priced hosts will be fine but folks who are just trying to make a living in an industry that already pays shit wages... this sucks for them

If you believe the DeSantis move against Disney "worked," please explain what was gained. Be specific. I don't want to hear generic "he pushed back" talk. What was gained in money, power, influence, or any other metric you prefer?

What about the fact that minorities were historically excluded from Supreme Court openings? Do you actually believe not a single Asian American, gay or Black female prior to Biden was qualified? What about that? Why won't you answer the real question?

What about the fact that minorities were historically excluded from Supreme
Court openings? Do you actually believe not a single Asian American, gay or Black
female prior to Biden was qualified? What about that? Why won't you answer the
real question?

Reporters who cheer for Washington, DC sports teams are part of the problem.

The rest of us need to stop expecting the Washington types to help us shrink DC's power and influence. They love their city.

Before today's congressional delegation at the border, I was able to speak with Rep. Marjorie Taylor Greene (@RepMTG) briefly about the passing of National Guard Spc. Bishop Evans, who's body was recovered today.

He died trying to save drowning migrants crossing into U.S.
